

Scholarship Opportunities for Research Masters in Business

The School of Business has an expanding cohort of research postgraduate students at masters and PhD level and we are now recruiting graduates to join that team. The School of Business invites applications from final year students who are finishing their level 8 Degree or level 8 graduates in business or a related discipline for a Master of Business (Research) degree commencing September 2021 on one of the topics below. The scholarship will cover full fees for the masters by research for a two-year period on a full-time basis and a monthly stipend of €1,000 for a maximum of two years. Two scholarships will be awarded. Applications will be shortlisted, and a formal interview will follow. Closing date – **Friday 28th May 2021 at 13.00**. Submit to: michelle.kelleher@cit.ie
